Greetings St. Anselm Families,

Happy Thursday! I hope all of you are staying healthy and preparing for a wonderful Christmas! We only have a week and a half of school before break! How quickly time is flying!

We are very busy around the school. By the time we hit December, we have so much going on. Today, we celebrated the Feast of the Immaculate Conception with a beautiful mass. I am always deeply moved by the message from this feast day. Mary said yes to the angel, and to God, without knowing what her future may look like. How often I think, why do I have to do this? I have to remind myself that I am doing work for the greater good and for God. He only places me where I can do my best work, even when that requires me to struggle. Monsignor reminded us of this today during his homily.

After, we honored our students of the month for November. I would like to expand on our new tradition of honoring students each month. Every month, the teachers can nominate up to 15 students that show exceptional leadership and great dedication to their faith, studies, extracurricular activities, and to the people around them. Students can be chosen more than once. We feel that the students who are working hard each and every day to be kind, considerate, and responsible should be awarded for their achievements. We are extremely proud of our students and all of their successes!

I ask that our families consider coming in to work as lunch moms and dads, even if it's once per month. We are very low on parents to do this and it is exceptionally hard for our staff to be outside with the students during recess. We all know how important recess is and if everyone pitched in to help once or twice a month, it would benefit our children greatly! Students NEED recess. They need time away from the classroom, and most importantly, fresh air! If you can help out, please call the office and let us know.

As the weather has turned colder (winter is here), your student(s) needs to come to school with outdoor attire. Every student needs a coat, hat, gloves, scarf, and boots (when it snows). We want the students to go outside for their recess time, but they have to be safe when the temperature is below freezing. Unless there is danger with our weather, our students go outside each and every day. Please plan accordingly!

Remember to mark your calendars for the Christmas Concert next Thursday at 7:00! Every student has a part and a great time is had by all!

I wish you a wonderful weekend!
